perfmech.com info@perfmech.com

When you need to move existing machinery within your facilities, bring in new equipment, or relocate an entire plant to a new facility—Performance Mechanical, Inc. can handle virtually every facet of your millwright challenges.

Call on us for end-to-end dismantling, moving, setting, installation, alignment, refurbishing, and reassembly.

Complete Millwright Services— Start to Finish

Not only can we Interpret engineering specifications, schematics, and blueprints to determine work procedures, we also determine which machines, techniques, and tools are best for your projects. Count on us to:

- > Disassemble and reassemble equipment for repair or transportation
- > Build foundations for machines
- > Construct and install all rotating equipment and conveyors
- > Transfer equipment for maintenance to avoid contamination or safety hazards
- > Provide machining and repairs for machinery parts

Moving Your Mission-Critical Systems and Equipment

Our experienced millwrights perform mission-critical services at coal, gas, and alternative-energy power plants. We work in industries as diverse as water treatment, aerospace, food processing, and pharmaceuticals. For new construction, maintenance, or outages, we handle:

- > Bulk material handling systems
- > Compressors
- > Conveyors
- > Dryers
- > Dust collection systems
- > Elevators
- > Extruders
- > Gas and steam turbines
- > Material handlers
- > Monorails
- > Packaging and conveyor systems
- > Pasteurizers
- > Process equipment setting
- > Pumps
- > Rotating equipment
